Well hello guys! I'm starting to post new stories! :D. Yeah, so I've been plying ALOT of HL2rp on Garry's Mod. And get this... Some of this stuff actually happened! I role played it with a girl who is one of the main characters! Ok well now back to Absent minded. Here's how uploading times gonna work. I'm gonna do this one one week. And Absent minded another. What I'm saying is that I'll work on a chapter through out the week then upload it Sunday night. Well FINALY. You guys can enjoy the chapter! So ENJOY!

I walk in to the dull lit subway, minding the gap, the train had just arrived at City 18 from City 45. My brother was relocated here, along with all the rest of the Combines prisoners. I heard he was in the Nexus, where ever that is. I go up to application station. To get my ID. Just in case I ever get walled by the CP's. There was a girl in front of me. Long brown hair in a City 18 jumpsuit. "So, you have NOT seen my parents?"

>She asks.<p>

"No, I haven't ma'am." He answered. "Now please go, your holding up the line."

She mumbles something under breath and leaves. I walk up to the desk and put my suit case down. "Uh? Hello?" I ask.

He looks up and says. "Oh! Sorry, got to fill out dang paper work!"

"It's alright. I was just looking to get a Civilian Number." I inform him.

"Oh. Of course!" He says quite too happy considering the human life now.

A couple minutes later he hands me slip of paper. "Ok your number is 105724." He says. I accept the slip and walk out of the line and into the city. "Well, this will be interesting!"

Hey guys remember to like and favorite and review! Byyyyyeeeeee!
